立 國 帝 本 日 大

入隊監 ゆるん

It completely slipped my mind!

Don't tell me you forgot.

Didn't we arrange to have a swim meet with the neighbouring kindergarten?

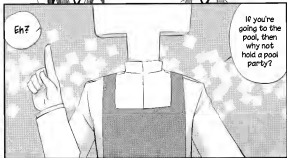

Oh!

Uhh—

What will we do at a swim meet?

Eh?

If you're going to the pool, then why not hold a pool party?

But why
are we
suddenly
going to
the pool?

Well,
we don't
feel cold
whether
it's Fall or
winter...

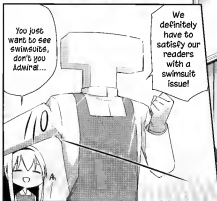

Isn't it
already
Fall?

But don't
the ship
girls enjoy
swimming
every day?

And yet,
up till now
the pool
still hasn't
appeared!

Well,
when you
think of school
activities the
pool comes to
mind. Likewise,
when you think
of swimming, the
school comes
to mind!

You just
want to see
swimsuits,
don't you
Admiral...

We
definitely
have to
satisfy our
readers
with a
swimsuit
issue!

Ara,
Zuhoo-
sensei
and...

I also
wanted to
bring this
up with
you all!

You really
don't have
a shred of
dignity...

I can't
believe you
remember!
It's me,
Tagei the
submarine
tender!

Wow!

Tagei-
sensei?

I went
through a
lengthy remodel,
and now I'm better
than ever! But I'm
still working at the
second kindergarten
because I was
once a sub
tender.

That's
right!

We're
acquaintances.
She works at
the second
kindergarten.

You
know
each
other?

Everyone,
what games
do you want to
play with the
neighbouring
kids?

Anyway,
regarding the
playdate, our
side's kids
said...

Is that
so...

So
...

Principal,
you'll stay
diligently in
the office,
correct?

Don't put
on such a
big smile,
Principal.

Well I
guess it
can't be
helped!

It's
a great
sunny
day!

With
how rarely
we come over
here to swim,
it's a blessing
to do it under
a clear sky.

You
didn't
know?

So the
naval
base has
a pool like
this...

Eh...

Well,
I suppose
that's true...

Our
swim lessons
are more
frequent,
so we just
go to the
beach...

Hyaa
aa!!

Shima-
kaze-
chan is
amazing!

So fast!
That girl's
speed
is super
fast!

Diagram

It's the
Ren-
sou-
chans
who are
really
amazing!

That's
not
quite
right.

You
aren't
going to
swim?

Everyone
has some-
thing they
aren't
good at.

Ara ara,
don't
worry.

Sensei...
Sorry. I'm
just a big
burden.

This child
was left here
by the Army...
But she's a bit
of a landlubber,
she doesn't
swim.

Ah,
Akagi-
sensei.

Akitsu
Maru-
chan!

Maruyu,
let's go
play ball,
okay?

Thanks,
Akitsu
Maru-
chan!

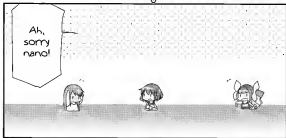

You're
not alone,
Maruyu, I'll
play with
you!

Although
they're both a
little odd, they
strike a good
balance.

Those
two sure
get along
well.

4-12 brought down two American ships with torpedoes from their
and 12km, respectively, during the battle of the Solomon Islands

My
torpedoes
are Japan's
best!

To hit
from that
far away...
impressive
desh!

Ah!

Ah!

Ah, I-it wasn't
intentional,
nano! It's
because my
water gun's
range is
too high...

4-12 to the extremely long range of the Type 93

Coastal Torpedo. There was a case in which a torpedo missed its target
and entered Japanese waters, ending in Japanese multiple deaths

I'm Shiori,
pleased to
meet you!

She's
my junior,
and a future
teacher here
at the second
kindergarten.

Eh?
I can?

Want to
join in now
that you're
here?

I heard
From Houshou-
sensei that
you were
having a swim
meet, and I
wanted
to see!

It's only
fun when
everyone's
playing
together,
right?

Of
course,
it's just
a swim
meet.

Can she
really?

Sure!

Come and
play, Shioi-
sensei!

I'm
coming
over
now!

The contents of the book are
rather hard to understand.

Her hair decoration was given to her by her mother.
She really loves it and always wears it.

in water while submerging. This is a common
occurrence for to the submarine girls. Scary!

An energetic and active 2nd-year college

to become an excellent teacher!

Fleet Carrier - Only Akagi class ship,

Akagi-sensei's swimsuit seems to be
a little tighter than last year's.

Fleet Carrier - Only Kaga class ship,
Kaga-sensei

Kaga-sensei got a little light-headed when she saw
Akagi-sensei in a swimsuit. Very dangerous.

Light Carrier - Only Ryuuhou class ship,

Ryuuhou-sensei was a submarine-tender until recently.
What? What are you talking about?

Light Carrier - First and Second Shouhou class ships,
Shouhou and Zuikou-sensei

Shouhou-sensei was in great condition because

It seems like Zuikou-sensei can still fit
into her elementary-school swimsuit!

Special Hai-class,
Akitsu Maru-chan

Akitsu Maru-chan is like Maruyu-chan's guardian.

Type 3 Transport Submarine,
Maruyu-chan

Will the unsubmergable submarine Maruyu
become a problem for the fleet...?

It seems like she and Akitsu-maru temporarily
transferred from the Army's kindergarten.

Since I didn't get a chance to draw
Zulhou in a swimsuit, I drew her here.
